

GOD'S COUNTRY HONDO TEXAS

Narrow escape made

Mrs. Ernesto (Belia) Benavides and her two children stared death straight in the eye September 12 but managed to get out of the way.

Coming back from school, where she had picked up one of their children, Mrs. Benavides started to cross the railroad tracks at Ave. P about 4:30 p.m. September 12 when her car stalled.

She saw a train approaching from the east and managed to get out of the car with her two children, the school age child and a baby, before the train struck the car.

The collision quickly brought a crowd as can be seen in the pictures taken by Tony Mendoza; and in the final picture Mr. and Mrs. Benavides look over the damage to the car.

NATIONAL HIGHWAY WEEK

... will be observed all over Texas next week and it is an excellent time to thank some local friends for their efforts in helping construct and maintain one of the finest highway systems in the world.

C. E. [Chuck] Hackebell is the resident engineer for the Texas Highway Department and Herman Brucks heads up the maintenance division.

The local office employs a total of 42 persons who are an integral part of our community activities.

They all will be joining in observing the theme for Highway Week: "Better Roads -- Better Living."

Hackebell said the theme is particularly fitting because of Texas' dependence on the highways as the prime mode of transportation. "Take the food on the table, for example," he said. "Dallas, Fort Worth and San Antonio receive nine-tenths of their fruits and vegetables over the highways, and Houston, even with its superb combination of transportation resources, receives

almost 80 percent of its produce shipments by truck."

The resident engineer also pointed out practically everything Texans buy, sell or manufacture make at least part of the trip from producer to consumer over the streets or highways.

A letter to the Hondo Chamber of Commerce, which is in our letter to the editor section, gives a special invitation from District Engineer Raymond Stotzer to attend "Open House" at the District 15 Headquarters. A two-day event, this will be held from 8 a.m. to 5 p.m. on Tuesday, September 24 and Friday, September 27.

In Hondo on Wednesday, Sept. 25, Eugene Robbins, president of the Texas Good Roads Association, will speak to the Hondo Lions Club on Highway week.

So, let's salute Chuck, Herman and all their fine employees for National Highway Week and give them a personal thanks for their part in giving Texans the best highways ever.

NO INJURY... Louis Saucedo of Hondo just wanted a cup of coffee early Monday morning, but he almost didn't live to drink it. His car stalled about 6:30 a.m. Monday on the tracks as he was crossing Ave. E, and he couldn't get it out of the way of a train heading east. And this is where and how it landed after being battered by the train. [Photo by Tony Mendoza]

Education classes

Registration for adult education classes will be held at 7:30 p.m. Thursday, September 26, in the Audio Visual room of Hondo High School.

Subjects will be: English as a Second Language, Grade Levels 1 to 3, 4-6, 7 to 8 and 9 to 12, which will include a GED examination. This examination will cost \$10.

Others will be art, conversational Spanish, cake decorating, Hande Persons Home Maintenance Course, carpentry, Clerical Cluster (typing, shorthand, bookkeeping), Women's Physical Fitness and Recreation.

Owl-Warhorse rivalry revives Friday night

A word of advice to Hondo Owl fans: just because Hondo and Devine don't peck corn in the same pen any longer, don't get the idea the Warhorses have lost any of their pecking power.

There will be a different flavor to the Owl-Warhorse battle Friday night when the two longtime rivals start popping each other on Barry Field, because they are different districts and the outcome of the game will have no influence on district races.

But, the fact they are no longer in the same district won't mean a thing. In fact, both have been

selected by opposing coaches to take their respective districts when the dust settles in November. So, this means they are tough.

Over the years, the two teams have literally fought "tooth-and-toenail" in their annual battles. Since 1962, Hondo has copped the district crown with the exception of four years. Two times Devine won the title, 1964 and 1972; and one time Pearsall took it, 1967. Then in 1970 Hondo and Carrizo Springs shared the title and one other year Devine beat Hondo although the Owls went on to win district.

In 1972 the Warhorses came to

Barry Field and after trailing 0-14 at halftime came back to win 21-20.

Devine, smarting from the 20-7 shellacking administered last year by the Owls, will hit the field in a "get even" mood. And they will bring along the "Horses" to get the job, if their first two games this season are any indication.

The Warhorses started their season with a 10-10 deadlock with Canyon of New Braunfels, with Quarterback Jody Bassett scoring one TD and Homer Hernandez kicking a 27-yard field goal.

Last week Devine romped past Pleasanton, which had beaten Randolph the week before on a field goal by 36-6. Abel Martinez, a 165-pound back who is both quick and fast, tallied three times. Hernandez kicked one field goal

CHANGES TOLD

Chapman Bell, vice president and acting manager of Medina Savings Association, has announced the adoption of the latest savings and loan data processing system available for installation at Medina Savings Association, located at 1401 19th Street in Hondo.

"Our new system," Bell said, "is the finest, most efficient system available that we are aware of in South Texas and is scheduled for completion at the home office in Hondo on October 1, 1974. The branches in Pearsall and Castroville will be converted to this system after they have been open a sufficient period of time."

Bell continued: "Passbooks can be credited the instant deposits are made. In addition, this system will enable us at all locations to now provide our savings customers with interest credits on the day the savings are placed on deposit until the day withdrawn. The operation of the Association will be streamlined making the finest service available to our customers."

"This is another major step that Medina Savings Association has made to provide the community with a modern, efficient savings association dedicated to the growth and service of the area."

MCAEC meeting set for Monday

The Medina County Association for Exceptional Children will hold a meeting at the Medina Valley High School Monday, September 23 at 7:30 p.m.

Main topic of discussion will be the establishment of a sheltered workshop for the handicapped in Medina County.

Museum attracts over 3,000 visitors

More than 3,000 visitors enjoyed the Medina County Museum during the past summer, figures supplied by Mrs. Lillian Schweers reveal.

Visitors to the Museum, which was kept open daily from Memorial day through Labor Day, came from 27 states, British Columbia, Strasbourg, France, and 96 cities in Texas.

Museum hours now are Saturdays 10 a.m. to 5 p.m. and Sundays 2 p.m. to 6 p.m.

"The Museum Board is very grateful to all who helped keep the Museum open this summer," said President Frank Graff.

Foster seeks board position

Bruce T. Foster of Hondo will be a candidate for director on the Edwards Underground Water District board.

This announcement was made by Wm H. Spice Jr., board chairman.

An entry will represent the Museum in the Fall Festival Parade in Devine on Saturday, October 12. The parade gets underway at 10 a.m.

A new flag now flies over the Museum, thanks to the Woodmen of the World Local Unit #154, William Green, area representative.

When Mrs. Schweers submitted this information to the newspaper she asked that we quote her as saying: "Start making your plans now to help make the annual Museum Day-Antique Auction a big event on May 3-4, 1975."

Foster is seeking the position being vacated by Bradley Bailey of Hondo who has served on the board 15 years.

The election is scheduled for November 5.

Letters from the mailbox

Dear Mr. Lawrence,
Note the picture and article from a recent issue of the Anvil Herald that is attached. I would very much like to borrow the original picture or a copy. I am doing some genealogical work and would like to make bust type enlargements of the three individuals that I have marked.

If I can borrow a picture from someone, I would copy and return the picture promptly and unharmed. I'm thinking that surely the Paper must have made a copy of the original and that the copy might be on file. If this is the case, I hope that you will be willing to loan the picture to me. Should this approach not be feasible, could you please put me in touch with the owner of the original?

Thank you in advance for any consideration and assistance that you may be able to afford me.

Very truly yours,

Mr. Lawrence, I have read your recent articles

based on your European trip with great interest. [Editor's Note: Dr. O. B. Taylor furnished us the picture described in this letter. It showed local area WWI inductees. We will pass this request on to him.]

Gentlemen:

National Highway Week will be observed this year during the week of September 22-28. The theme of this year's observance is "Better Roads -- Better Living".

As part of the observance of Highway Week in Texas, an "Open House" at District 15 Headquarters has been planned for Tuesday, September 24th and Friday, September 27th. Conducted tours will be offered from 8 a.m. to 5 p.m. on each of the days. During these tours the activities of the various sections of the District Headquarters will be explained. These range from the use of modern engineering techniques such as photogrammetry, surveying and computers, to the manufacturing of thousands of highway signs.

And being a first-hand witness of the affair, I'd have to say that all guests went back to their homes perfectly satisfied.

The overwhelming success of this 92nd annual "Homecoming for Texas" became a reality through the untiring efforts and hard work of many, many persons. Individuals, ever so remotely connected with our historic parish and little community, worked hand in hand with our local citizenry to make this the biggest St. Louis Day ever.

Sincerely yours,
R. E. Stotzer, Jr.
District Engineer

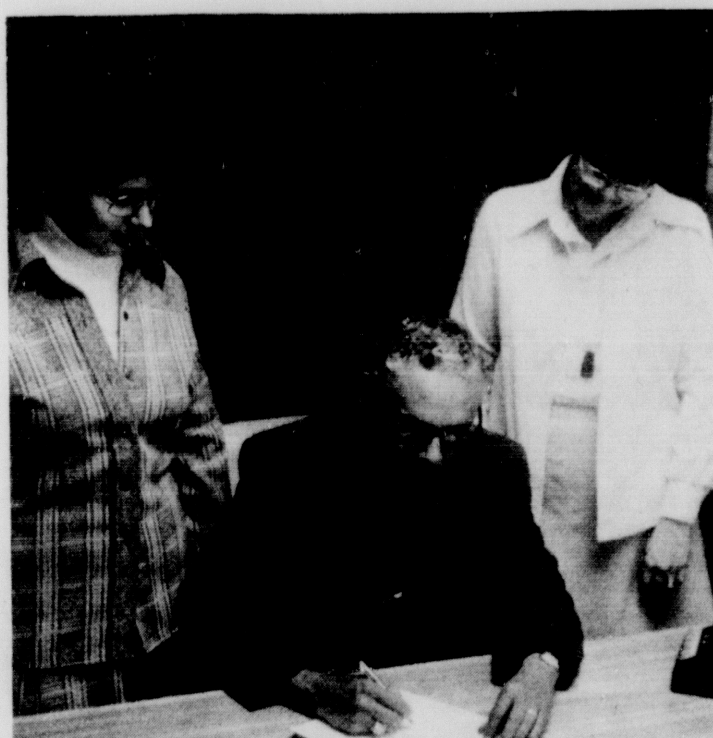

Dear Mr. Lawrence:

This past August 25, St. Louis Day 1974 in Castroville, found our "Little Alsace of Texas" once again packed with visitors from all over the world, all looking for the same things -- a delicious barbecue beef and Alsatian-style sausage dinner, lots of fun, and above all, a chance to be part of the greatest show of Christian fellowship known in this part of the country.

All your personal help and the help of the entire staff of the Hondo Anvil Herald, coupled with the extensive coverage in your fine newspaper, played a major role in our success story this year. The publicity you so generously gave us, in news stories and in pictures, was tremendous.

Thanks again for all your help. May we continue to work together in the future. May God bless you!

Sincerely yours,

SPECIAL MONTH . . . Mayor Pro-tem G. E. (Pete) Pedroza signs a proclamation heralding a special month for the Weight Watchers organization September 30 through October 20. It will be open meeting month and Dot Peacock, left, lecturer, who has lost 88 pounds, and Mrs. Ottalie Schmidt, weigher, who has dropped 50, urge everyone to attend.

Dear Mr. Lawrence:

Thank you for your letter and for sending me a copy

of your editorial on Mr. Nixon.

Your kind words and expression of support are greatly appreciated. As you may know, my political plans for 1976 are not firm, although I hope to reach a decision by the end of the year.

Again, thank you for taking the time to write.

Sincerely,

Sirs:

Well, I finally managed to scrounge up the dust to pay for a subscription, so here it is. Maybe this will shock the Owls into the win column. A couple of pictures of the band wouldn't hurt also!

did at the Texas Folklife Festival Sunday evening.

If you weren't there, you should have been. Because we all had a lot of fun and so did the large crowd of people who witnessed this event.

Festival Manager O. T. Baker praised the event highly and Tex Schofield from Houston said "it was the best."

Now, we are looking forward to the Houston trip via chartered bus. Last year we filled a 46 passenger bus for the two-day event and this year we hope to do better than that.

Anyone who thinks they might want to have two days of fun can call Lillian Porter at the Hondo Chamber of Commerce and put their name on the list. The list is a tentative one right now, but we would like to know who just might be interested in going. That way we can do some planning for the trip.

It's a small world, they say.

And I kinda believe it this week. I received a clipping of the Hondo sign that ran in the Family Weekly several weeks ago. It came from my stepmother in Minneapolis, Minn., who in turn had received it from my stepfather in San Mateo, California.

Brochures added to our already fine collection include some from Los Angeles and Anaheim in California, Calgary, Edmonton, Banff and Lake Louise in Canada.

Phone calls came fast and furious this week requesting information on

hunting leases. They came from San Antonio, Baytown and Houston. Letters on the same subject came from Victoria and LaFeria.

Mr. William J. Martin, who is visiting the Frank Deloneys, came in and signed our book. He is from Portsmouth, Virginia.

Activity around the office got a little hectic this past week. And to prove it, I offer the following:

Housing-listed 4, referrals 10, requests 3, other 2; Jobs-orders 6, requests 6, referrals 11, unemployment 3, rehabilitation 3, TEC call-in cards 3; Drivers license and Social Security 10; Salvation Army 6; Student requests 2; Hunting 16; Maps, Brochures and Cards 11; other 33.

Cheerful Chatter

"With God, all things are possible." -Matthew 19:26

How true! Successful is the word to describe our Forty-Two Special we had last week. However, I must confess that because so few of us knew how to play forty-two, we resorted to regular dominoes and Pitch! Nobody seemed to mind at all. Approximately 20 residents participated and everybody got a prize. After the games were over, cake and punch were served.

Then on Friday, Susan McGarity, Otto Marquis and Emmet Perry joined one of the residents, Julius Marquis, in a Championship Playoff game of Pitch. I understand it was quite a game!

Judy Winkler, social director at Brown's, informed me this week of a newly scheduled event called Fancy Fingers. Every Thursday the ladies at the Center will give each other manicures. A trip to the beauty shop always gives a woman a boost, so I imagine our ladies will look forward to this each week.

Everyone is anticipating the ice cream social which will be held on Friday, September 20th at 2:30. If the weather permits, we'll have this on the grounds at the center. The CheerAiders will furnish homemade ice cream.

We had so much fun at the Crafts Class on Tuesday, we decided to work again Wednesday morning. I've never seen so much sewing and glueing going on. With such enthusiasm we should have everything ready in time for our bazaar in November.

Don't forget our Bake Sale coming up on September 28th. We'll have tables stationed in front of Hondo National Bank and H.E.B.

1844-Pioneer history of Hondo Deanery-1974

[Editor's Note: This is the first of a two-part series giving the history of the Hondo Deanery.]

Special to the Hondo Anvil Herald
By the Very Rev. Victor G. Schmidtzinsky, V.F.

The Hondo Deanery consists of 9 parishes and 8 missions, located west and southwest of San Antonio and adjacent to the Del Rio Deanery. It is one of the most colorful deaneries in the State of Texas, if not, certainly in the Archdiocese of San Antonio.

It has one parish, St. Louis, Castroville, established on September 12, 1844, older than the first diocese of Texas, and another parish, St. Dominic's Old D'Hanis, now Holy Cross D'Hanis, established on May 19, 1847, fifteen days later than the Diocese of Galveston, established on May 4, 1847, when Pope Pius IX created the Diocese of Galveston out of the Vicariate of Texas, which encompassed the whole State of Texas.

The cornerstone of St. Mary's Cathedral, the first in Texas at Galveston, was laid on March 14, 1847. St. Louis Castroville and St. Dominic's Old D'Hanis are therefore older than the Archdiocese of San Antonio itself, which was established on August 28, 1847.

The St. Louis church building, Castroville, completed in 1870, is over 100 years old, and has a historical marker attached to it; while St. Dominic's Old D'Hanis, has two on its grounds. The first of a nine-deanery Centennial celebration, commemorating the Centennial of the Archdiocese of San Antonio, will be held in this 100 year old church-building of St. Louis Castroville, on Sunday, October 6, 1974, at 5 p.m., with the Most Reverend Archbishop Francis J. Furey being the main celebrant.

The area included in the Hondo deanery embraces the western part of Bexar County and Atascosa County, all of Medina County and Frio County, and the northern part of LaSalle County. The whole area of the Hondo Deanery has a little bit of the Hill

Country, the fertile irrigated Medina Valley, and a large part of the Brushy Country.

Also, the northern part of the Deanery is on top of the Edwards Underground Reservoir - the purest deposit of a body of water known throughout the State of Texas. Beautiful scenic Medina Lake, 18 miles long and 102 feet deep when full, is situated on the northern part of the deanery. The lake is a fisherman's paradise, good for boating and skiing, and is the best feeder into the Edwards Underground Aquifer system. (For a full detail on Medina Dam and Lake, see and read the book entitled, "Ripples From Medina Lake" by the Rev. Cyril M. Kuehne, S.M.)

In all, an estimated population of 38,000 people live within the confines of the deanery; while some 22,000 of them are Catholic. Some 10 public high schools are located in the deanery area. The schools have good academic and sports programs.

The deanery is primarily rural, with no large cities. The largest is Pearsall with a population of 5,511, with Hondo and Devine rating also in the 5,000 bracket.

The rich farm lands produce good crops of maize, corn, broomcorn, a vast amount of vegetables, watermelons, peanuts, and fewer acreages of smaller crops and fruit. A large test-plot for table and commercial grapes, with some 35 different varieties, has been established by the Extension Service of Texas A&M University at D'Hanis, Medina County.

With regards to the pecan industry, there are now planted in Medina County some 18,000 propagated or inshell pecan trees, besides the many native pecan trees along the fertile banks of the Medina River and the Seco Creek. Because of this output, Medina County will soon be ranking among the top 10 pecan producing counties of Texas. An over-100-year pecan tree with a state marker stands in Castroville.

The area is also known or noted for its livestock and hunting wildlife game. Many annual County Stock

Shows are held in the deanery; the exhibitors being the Future Farmers of America (FFA) and 4-H Club members. A near-life-size statue of St. Isidore, patron of farmers and ranchers, is located in the LaCoste Parish, Medina County.

The brick and tile industry and other related industries likewise form a part of the economy. A layer of clay, six miles long, 300 feet deep, and 2 miles wide, used for the manufacturing of the best brick and tile in the State of Texas, is likewise located in the D'Hanis area of Medina County. There are several small airports and airstrips located in the deanery, plus a 32 small aircraft test-pilot training school at the Hondo Air Base, and two Automotive Research Test Tracks, one at Devine and the other at D'Hanis.

The history of part of the deanery goes back to the time when Henri Castro came with his first settlers from Alsace-Lorraine, France, in 1844, and settled 25 miles west of San Antonio on the banks of the Medina River; and, later in 1847 another group from Alsace-Lorraine settled 25 miles more west than Castroville on a high prairie about two miles east of the Rio Seco on the banks of a running stream now known as Parkers Creek. These places are known as Castroville and D'Hanis.

Since the settlers were Catholic and priests came with them, the establishment of the Catholic Church began immediately. These early settlers and pioneers suffered many severe hardships of drouth, hunger, flu and diphtheria epidemics, harassment and killings by the Indians, and the wild or unruly Texas cowboys. The other parishes of the deanery began their history quite a bit later. However, during the years many more Catholic families settled in the area, many coming up from Laredo, Del Rio, Uvalde, and from Mexico; these all helped to form such communities in the Hondo deanery as LaCoste, Hon-

do, Devine, Pearsall, Somerset, Lytle, Natalia, and Cotulla. There are not many vocations from this deanery, but each parish has a good Confraternity of Christian Doctrine program.

The first parish of the deanery was St. Louis of Castroville established September 12, 1844. The settlement was named after its founder, Henri Castro, and the parish after St. Louis, the saintly king of France. The first Mass was celebrated in 1844; the first church built in 1844; and the first resident priest came in 1847. The deanery was known for many years as the Castroville Deanery, and later became the D'Hanis Deanery. Today

Castroville is known as "The Little Alsace of Texas" since the settlers came from Alsace-Lorraine, France. Since 1947 the Chapel of St. Francis of Assisi at Medina Lake (Mico) has been attended from Castroville. This chapel built by the Knights of Columbus in 1925 for the convenience of weekend visitors, had been attended from St. Mary's University, San Antonio, but being within the territory of the Castroville parish, its care was transferred to its own parish soon after the appointment of a regular assistant in 1946. (See Father Kuehne's book "Ripples From Medina Lake".)

Town and Country Church Conference slated at A & M

"The Creeping City and the Country Church" is the theme for the 29th annual Town and Country Church Conference October 10-11, at Texas A&M University.

Discussion will center on the issues ministers and their congregations face as a result of the increasing numbers of "big city" residents who have moved to small towns and now participate in services conducted in the country church.

Registration will begin at 8 a.m. in the J. Earl Rudder Conference Center on Oct. 10, announces Glenn Bragg, County Extension Agent.

Topics to be discussed include "Changing Land Ownership Patterns" by Dr. Ivan W. Schmiedemann, Texas Real Estate Research Center; "Recreation in Rural Texas" by Dr. Frank W. Suggitt, Recreation and Parks Department; and "Texas Population: New Developments and Their Implications" by

Dr. R. L. Skrabanek, Department of Sociology and Anthropology.

A session on "Ministers and the Power Structure" will be conducted by Extension Service specialists Dr. David C. Ruesink and Dr. John T. Pelham.

"Involvement of Lay Leaders" will be discussed by Extension Service economist Dr. James I. Mallett, while the topic of "Patterns of Religious Behavior" will be addressed by Dr. Raymond H. C. Teske Jr., sociologist at Sam Houston State University. "Basic Principles of Rural Church Renewal" will be discussed by M. B. "Flip" Flippen, director of "The Answer is Jesus Christ" Program.

W. A. Lufburrow, president of Goodwill Industries, Houston, will close the two-day conference with "The Challenge."

A banquet Oct. 11 at 7 p.m. will feature the presentation of the Rural Minister of the Year Award by Del Deterling, editor of the

Progressive Farmer magazine.

The non-demonstration conference is planned by a committee of inter-denominational ministers and the Town and Church Commit-

tee of Texas A&M University. It is sponsored by the Texas Agricultural Extension Service and the Texas Agricultural Experiment Station and is conducted by the A&M Department of

Agricultural Economics and Rural Sociology. Programs and additional information are available in the County Extension Offices upon request, says Bragg.

Conservation tour planned

The Medina Valley Soil Conservation District Directors met Wednesday, September 11, 1974, and made plans for their annual conservation tour and Directors election on Oct. 8.

A free barbecue will be served at the conclusion of the tour and election. All interested persons are urged to attend.

Plans are to gather at Yancey and depart at 9:15 a.m. The first stop on the tour will be made at Vernon Grunewald's place where those attending will see some Renner's lovegrass that was planted in the spring of 1973.

This grass is new to this

area and shows a lot of promise for the sandier land of the southern part of Medina County. The grass grows during the summer, but will provide a lot of grazing during fall and early spring if managed properly.

Next stop will be made on the Hidden Valley Ranch. This ranch is owned by James N. Martin, Hayden Grana and E. H. Jaroszewski and is managed by Willie Mund.

In July of 1973 they sprayed about 1000 acres of brush with Tordon 225. The results of this is amazing. Not only the amount of brush kill, but the amount

of native grasses that has come back on the area. Most of the area sprayed had a lot of black brush on the shallow soils and whitebrush and mesquite on the deeper soils. These shallow soils are well adapted to side oats grama, bristlegass, pink pappus and cottontop. "The recovery on this rangeland is something that you would not believe unless you see it in person," a SCS spokesman said.

So make your plans now to attend the annual Medina Valley District tour on October 8, 1974.

Wedding rites held in Houston church

Westminster United Methodist Church in Houston was the setting for the double ring wedding rites of Miss Maribeth Bauerschlag and Lt. Max David Melcher on Saturday, the 24th of August at 7 o'clock in the evening. The Reverend Darrell D. Gray of Austin officiated, assisted by the Reverend Jim Garrett of Houston.

The bride is the daughter of Mr. and Mrs. W. H. Bauerschlag Jr. of Houston and the granddaughter of Mr. and Mrs. J. G. Barry of Hondo. The groom is the son of Mr. and Mrs. Max A. Melcher of Lake Travis.

Ed Thompson, uncle of the bride, played traditional wedding music and accompanied his wife, Mrs. Ed Thompson, as she sang "Treat Me Not to Leave Thee" and "The Lord's Prayer." Edward and Mary Thompson sang a duet, "One Hand, One Heart" from West Side Story.

The bride, given in marriage by her father, chose a designer gown by Priscilla of Boston fashioned of ivory satin and Alencon lace in a Princess pattern. The empress bodice featured a scalloped neckline and long bonnet sleeves which tapered to a flounce around the wrist. Lavish appliques of matching lace enhanced the slender skirt that curved into a circular train of chapel length. The bride's veiling flowed to shoulder length from a Juliet cap of matching lace.

The bride carried a cascade of orchids, stephanotis and English Ivy. Miss Melanie Bauerschlag served her sister as maid of honor. Bridesmaids were Holly Bauerschlag, Caryl Bauerschlag, Donna Bauerschlag and Claudia Palazzolo.

Attendants wore matching gowns of pale pink dotted swiss. The slender gowns featured ruffled V necklines, and matching ruffled capelets. They carried nosegays of pink and red carnations with pink ribbon accents. Bands of matching flowers were worn in their hair. Flower girl was Laura Jennings.

Clifford Giese served his cousin as best man, grooms men were Barry and Bobby Bauerschlag, David Kellam, Jack Gondolf, Richard Nance and Bill Bauerschlag ushered.

Following the ceremony a reception was held at the

Briar Meadow Club. The bride's four tiered white cake was decorated with pale pink flowers. The groom's cake was white with maroon trim and had the words "Gig 'Em" on it.

Champagne, cake, punch, coffee, mints and nuts were served to the many guests and attendants.

The bride attended Southwest Texas State University in San Marcos for two years, where she was a member of Chi Omega Sorority. She graduated Cum Laude from the University of Houston in August, 1974, with a degree in Elementary Education.

Lt. Melcher is a 1970 graduate of Texas A&M University with an Electrical Engineering degree. He has served four years in the United States Army and is presently stationed at Ft. Bliss, in El Paso, where the couple will reside.

Houseparty members included Mesdames Steve Caldwell, Mort Hall, Perry Woelke, Robert Batot and Tommy Rothe. Also, Misses Lynn Leinweber, Sharon Dahl and Debbie Fields.

Rehearsal Dinner

The couple was honored on Friday night with a rehearsal dinner at the Houston Engineering Club. Mr. and Mrs. Max Melcher were hosts for the dinner.

Out of town wedding guests included Mr. and Mrs. J. G. Barry, Mr. and Mrs. E. Joe Leinweber, Kurt, Lynn and Kay Leinweber, and Mrs. M. L. McDowell, all of Hondo.

Beard honored

College Station -- David O. Beard of Hondo has earned "Distinguished Student" ranking at Texas A&M University, announced Registrar Robert A. Lacey.

The undergraduate honor is awarded students who have excelled academically. Recipient must earn at least a 3.25 grade point ratio (out of a possible 4.0) during the most recent grading period.

"Distinguished Student" ranking is limited to 10 percent of TAMU's undergraduate enrollment.

Beard is the son of Mr. and Mrs. Emmett A. Beard of 2911 Ave M. He is a senior physical education major at TAMU.

Mrs. Max David Melcher

D'Hanis YH win outstanding award

The D'Hanis Chapter of Young Homemakers was named the outstanding New Chapter of Area VII at the 1974 Associations of Young Farmers and Homemakers Convention and Awards Banquet held in New Braunfels, September 14.

Receiving the engraved silver platter for the D'Hanis Chapter was last year's president, Dianne Wolff. Other enthusiastic members who attended the convention in hopes of helping bring such an award back home to the rest of their club were: Cindy Zerr, Marcy Zerr, Karen Zinsmeyer, Patricia Batto, Advisor Jean Sexton, Dorothy Wolff, and "Little Sister" Shirley Rodriguez.

Records and files of the

D'Hanis YHT Chapter have now been sent to the State level for state competition. Results will be made known at the State Meeting for Young Homemakers of Texas, January 17 - 18, 1975, in Fort Worth.

Chapter members wish to thank everyone who might have helped them get the recognition they received in front of so many people in New Braunfels Saturday night. "We feel all our learning experiences and work has been well worth our efforts and hope our community feels the same," a club member said.

Next chapter meeting will be held September 26 at 8 p.m. in the D'Hanis High School. Maurice Zerr will talk about football and football officiating.

This week

All she wrote

by Edna McDade

CARMEN brought us a bit of cooler weather and enough rain to re-green the growing things. Now ELAINE is trying her stage tricks.

My cluttered files of notes and clippings always look like a hurricane might have had a try at filing them. So, I began the week by weeding out some of the surplus, most of which I just couldn't bear to part with but I did.

Now my desk is almost too tidy to work on or at!

"As good news from a far country" are the occasional phone calls I receive from my Medina County friends when they are in town. One such came a few evenings ago from Mrs. Arthur [Thekla] Wurzbach of Dunlay, daughter of my dear "little" friend, LINA [Mrs. Robert] STOLTE who still lives in the family home at Cliff, built by her late husband in 1914 and where they celebrated their golden wedding Dec. 10, 1959.

Lina will be having another birthday next month, on October 24th, and I won't say which one, as you'd never believe it. I am sure she has retained her amazing spirit of independence, her sense of humor, and her gracious manner. Thekla told me that "Mama still manages to keep a garden."

The W. A. [Louise and Toby] TAYLORS observed their 50th wedding anniversary on September first. And, do you know what I did? Marked it on my calendar as Sept. 11th... so, guess "from whom" they did not receive even a greeting.

But, I am looking forward to seeing Louise soon and I know she'll forgive me. Dates are such elusive things -- especially on my unpredictable calendar which is usually ahead or behind but has a hard time being exactly on target. It's almost time for a new calendar, anyway.

A few weeks ago I read about the annual meeting, in Houston, of the Vocational Agricultural Teachers Association. It said, in part, "When school starts this fall, some departments will be closed because we do not have enough teachers. Last time we faced this was in 1941." I thought of my good friends, JOHN McANALLY and J. D. SCHMIDT at HHS. Hold on to them! They'd not be easy to replace and think of what a fine contribution they have made toward teaching youths with agricultural "leanings."

I noticed in a recent Anvil Herald that GENE McANALLY plans to follow the journalism angle in agricultural work. And now JOHN and ELIZABETH will have run out of sons to "train up in the way they should go, but haven't they done a fine job?"

Give J. D. a little more time and he might lead his two young sons along the same path!

What next? A news story says that the demand for cactus plants is so high in the U.S., Europe and Japan that smuggling these prickly ornamentals out of Mexico has become a paying business.

I grew up almost in the middle of cactus and brush country and I like cactus, growing where and as it is supposed to. But the memory of too close contact with prickly pear still lingers so the smuggling business will not tempt me!

Snakes make a wriggly topic about which I can add a few words. The state of Missouri, says the Conservation Commission, has nearly 40 species of harmless snakes. Want to know how or do you want to be shown?

All the harmless Missouri snakes have round eye pupils instead of the slitted, catlike pupils of the three poisonous snakes which inhabit the Show-me state.

This Texan prefers not to see eye-to-eye with any snake. Period.

However, if anyone is interested in snakes with three eyes, Brazil has 'em in plentiful supply. Scientists at the Federal University of Brazil report that the third eye is used to capture light and thermic radiations... whatever that means.

The residents at BROWN'S NURSING CENTER must be enjoying the weekly entertainment provided by the enthusiastic Volunteer Group -- bless them all for this contribution.

Having noted that dominoes, perhaps 42 also, are on the weekly agenda, I remembered reading that dominoes were invented by the Chinese about 4,000 years ago. Also the International Domino Association is now standardizing rules. The game of Duplicate Dominoes is patterned after Duplicate Bridge.

Also, somewhere through the years said the story, the double-six was called "Hairy Belly" and the double-two "Deuce never loses."

What in the world will SCOTTIE BAILEY do with BRADLEY after he leaves "The Edwards" after having served so well and faithfully for 15 years?

It was he who introduced me to the "inner workings" of EUWD and I learned a lot about its importance on my first office visit to Col. McD Weinert's San Antonio headquarters in the "Smith-Young" Tower in those days.

A recent cartoon that caught my roving eye carried a message that might apply to places of business most anywhere -- Hondo, excepted of course.

The two proprietors had signs posted all over the walls trying to give business a shot in the arm, "BIG DISCOUNTS -- LIQUIDATION SALE -- BELOW DEALER COST -- EASY INSTALLMENTS -- PAY NEXT YEAR -- etc."

Said one man to the other: "How about being polite to customers? We've tried everything else!"

It's hail and farewell to CONNIE KOCH and HENRY SCHULTE as one takes over the responsibilities and the other retires from the important services rendered by the office of the Medina County Clerk.

Henry can now go fishing most any time he takes a notion and rest assured that it will be "Business as usual" back at the old Rock Pile.

AMNESTY is a word taking up a lot of news space these days. This definition is to be found in Diabolical Dictionary, by Ambrose Bierce [1842-1914]: "Amnesty, n. The state's magnanimity to those offenders whom it would be too expensive to punish."

Miss Diane Schulte, Dennis Mann united

On August 17, 1974, in St. Paul Lutheran Church, in a candlelight, double-ring ceremony, Miss Diane LaVerne Schulte and Mr. Dennis Charles Mann were joined in marriage. Reverend August Hannemann and Father George Stueben performed the ceremony.

The bride is the daughter of Mr. and Mrs. Jerome Schulte and the groom is the son of Mr. and Mrs. Wesley R. Mann, all of Hondo.

The bride was given in marriage by her father. She wore a floor length gown, made by her mother, designed with a fitted bodice of Mandell lace over white satin encrusted with seed pearls. The long full sleeves of Challet chiffon had short sleeves and cuffs of lace and pearls. Challet chiffon was also used over the full satin skirt which extended into a short train. White satin ribbon was laced through appliques of lace at the raised waistline. Her Juliet headpiece of lace

and seed pearls held a fingertip illusion veil edged in lace. She carried a bouquet of pink and white roses and stephanotis. Nestled in her bouquet was a gold heart-shaped pin belonging to her paternal great, great grandmother. She wore a lavalier belonging to her maternal grandmother, which her mother wore in her wedding.

The candlelighted sanctuary was decorated with greenery and pink and white mums. Nuptial music was provided, after the wedding vows, by Mr. Albert Rowlett who sang "Let It Be Me" while the bride and groom lighted their "Candle of Life". He also sang "The Lord's Prayer". Mrs. Glenn Dittmar accompanied him on the organ.

Miss Kay Schulte, sister of the bride, was maid of honor. Mrs. Karen Niesch-wietz, Misses Linda Lutz and Sandra Saathoff were bridesmaids. Their gowns were of light green flocked sweetheart valtex. The sweetheart neckline, waist and cuff of the puffed sleeves were trimmed with white lace. They carried small nosegays of stephanotis and pink and white mums with green ribbon streamers. They also wore flowers in their hair with waist length ribbon streamers. Miss Tondre Gayle Schulte, cousin of the bride, was flower girl. She was dressed like the bridesmaids and carried a basket of pink and white mums.

Serving as best man to his brother was Gerald Mann of San Antonio. Groomsmen were David Mann, brother of the groom, and Edward Wernet of Hondo and C. A. Tondre of San Antonio. They wore black tuxedos with light green ruffled shirts. Ushers were Gene Kyriash of San Antonio, Prosper Niesch-wietz of Sinton and Tim Huesser of Hondo. Mrs. Janice Kyriash, sister of the groom, registered the guests.

A reception following the ceremony was held at the American Legion Hall. The guests were registered by Mrs. Brenda Miles and Mrs. Janice Kyriash. At the entrance of the hall was a small table covered with a white linen cloth which held

a large white basket, the handle of which was trimmed with shades of green ribbon and was filled with rice bags of white and green. Misses Tammy and Kristi Sureddin distributed the rice bags to the guests.

The bride's table was covered with a white satin cloth and a white net overskirt trimmed with ivy. The table was centered with an arrangement of white tapers, trailing ivy and the bridesmaids nosegays. The four tiered wedding cake was iced in white, trimmed with clusters of pink roses and green leaves and topped with a miniature bride and groom. Green punch, pink, green and white mints and nuts complemented the table. Mrs. Jayne Scheele of San Antonio served the bride's cake and Mrs. Karen Schulte of San Marcos served the punch.

The groom's table was covered with an apple green satin cloth and a dark green net overskirt. The German chocolate cake was decorated with a cluster of grapes. The table held an arrangement of greenery and white tapers. Mrs. Donna Wernet served the groom's cake and Miss Susan Graff served coffee.

Other members of the house party were Mrs. L. J. Leinweber, Mrs. Jack W. Fuos, Mrs. Franklin Wiermer, Mrs. Carl L. Gordon, Mrs. Walter Kriewald, Mrs. Dan Herrman and Mrs. Ray Hickey. A table for the bridal party was covered in white and centered with an arrangement of pink and white mums flanked by white tapers in seashell holders. Seashells with white tapers were also used on other tables throughout the hall.

Mr. and Mrs. Mann are at home in Hondo, where he is employed with Gooding Oil Company and Mrs. Mann is employed at Meyer Elementary School.

Rehearsal Dinner
On Friday evening, August 16, the groom's parents, Mr. and Mrs. Wesley R. Mann entertained with a rehearsal dinner at the New Frontier Restaurant in Hondo. A delicious meal of steak, baked potatoes, salad, rolls and ice cream were served to members of the wedding party.

Anything, you want Rummage Sale

Hondo Junior Service League members were honored to have Ms. Robin Winwright present a program on handcrafts at the regular League meeting on September 9.

League members are already planning for the Annual Holiday Bazaar in November, organized to raise money for the Hondo Public Library. Ms. Winwright's suggestions and ideas were greatly appreciated.

For September activities the J.S.L. is planning an outdoor "Anything You Want" rummage sale, Sunday, Sept. 29, from 1 to 5 p.m. in the Winn's Parking Lot. The proceeds will go to the Library and any "glorious junk" Hondoans would like to donate would be appreciated. Just contact any League member.

The Junior Service League, a non-profit organization, has accepted the responsibility of fund raising for the Hondo Public Library. The League relies on the cooperation and participation of the community and is always grateful to the citizens of Hondo for their support. Please remember the rummage sale on September 29.

day, Sept. 29, from 1 to 5 p.m. in the Winn's Parking Lot. The proceeds will go to the Library and any "glorious junk" Hondoans would like to donate would be appreciated. Just contact any League member.

The next regular meeting will be held on October 8. Hostesses will be Mrs. Buddy Groff and Mrs. Marcellus Garrison.

Sorority plans benefit

Iota Upsilon Chapter of Epsilon Sigma Alpha met in the home of Mrs. Hilmer Mueller, with associate hostess Mrs. John H. Jennings.

Mrs. Woodrow Glasscock, president, conducted the business meeting at which time committee reports were given. Various projects for the coming year were discussed and plans for a benefit card party to be held on October 29 were made.

It was also decided to try and publicize the project "Stop Thief" more completely.

The Educational program presented by Mrs. B. P. Strunk was based on the motto Mrs. Glasscock has chosen for her term of office, "Friendship".

The next regular meeting will be held on October 8. Hostesses will be Mrs. Buddy Groff and Mrs. Marcellus Garrison.

YHT celebrate special week

Hondo and D'Hanis Chapters of Young Homemakers are celebrating Young Homemakers of Texas Week.

The State Association of Young Homemakers of Texas is a chartered organization for young women interested in homemaking. The Association functions under the direction of the Division of Homemaking Education, Texas Education Agency, in cooperation with the local school and the homemaking teacher, who serves as chapter advisor.

This organization is formed exclusively for educational purposes with particular reference to the area of homemaking. The overall goal of YHT is to provide creative opportunities for young women in maintaining effective personal, family and community life.

Members learn new skills and gain information contributing to home and family living and community membership. Classes and group meetings emphasize such topics as home beautification, furniture re-

finishing, child care and guidance, home care of the sick, consumer buying, management of family finances, planning nutritious meals, self-improvement and citizenship responsibilities.

Active membership is open to women not enrolled in high school and who are not over 35 years of age. Eligible members may be single or married. They may be homemakers in small or metropolitan communities, or living on farms or ranches. The members also may be employed in wage-earning occupations. Women over 35 years of age may become associate members upon payment of dues, with the rights and privileges of active members, except that of holding office and voting.

Anyone interested in becoming a member of YHT may contact any present member or their advisor. The D'Hanis Chapter Advisor is Mrs. Jean Sexton and the Hondo Chapter Advisor is Mrs. Dorothy Wolff.

Wunderlich reunion enjoyed

Members of the late Mrs. Otto H. Wunderlich family gathered at Mooney Park in Kerrville on Sept. 8 to enjoy a family reunion. Attending were 47 relatives and seven guests from Hondo, Abilene, Victoria, Pleasanton, Fredericksburg, Kerrville and San Antonio.

Raymond and Elizabeth Raute of San Antonio were reelected as a committee to head the 1976 gathering of the clan.

Prizes presented included: fruit plate to Herman

Reus, the eldest; family photo album to Mr. and Mrs. Paul Honig and Keith of Abilene for most miles traveled; a little prize to Kenneth Houghton, two months old, for youngest present; and door prize to Mrs. Lee Holder, a guest from Pleasanton.

Family members present for the first time were Weldon and Esther (Reus) Baker and Randy of Kerrville.

Edwin and Lydia Bohm-falk of Hondo were unable to attend due to her recent surgery.

Susan Riff featured in book

Susan Riff, senior at Hondo High School was recently notified that she is to be featured in the Eighth Annual Edition of Who's Who Among American High School Students, 1973-74, the largest student award publication in the nation.

Students from over 20,000 public, private and parochial high schools throughout the country are recognized for their leadership in academics, athletics, activities or community service in the books. Less than 3% of the junior and

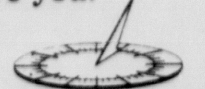

senior class students nationwide are awarded this recognition.

Susan is the daughter of Mr. and Mrs. Douglas Riff of Hondo. She is active in the Honor Society.

In addition to having her biography published in the book, Susan will also compete for one of ten scholarship awards of \$500 to \$1,000 funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers".

Susan plans to attend Texas A&M University upon graduation in 1975.

Make someone happy... by visiting a guest at the Leisure Lodge Nursing Center this week. You'll both enjoy it. Come on over, we'd love to have you.

Facts about Raye Theatre now for sale

My folks reached a point where they had to retire. My time is already full and I have a family I want to enjoy, so I have no time to run the Raye.

I permitted the Raye to be leased on a temporary basis to allow a six month \$5,000 real estate commission to expire. Which means I can sell the Raye

for \$5,000 less than before. We think it a good business and one that can be built up to a better level. What material things the Ray Jennings have came

from the Raye Theatre, no where else. See John H. Jennings. Adv.

ACCEPTS GIFT... Dr. John Windrow, Hondo dentist who serves on the board at Medina Memorial Hospital, accepts a check from Hondo Lions Club President Tommy Hollmig, left. The \$250 check was a contribution by local Lions to the Pulmonary Lab Fund at the hospital. Some \$2,000 is needed for the fund which now stands at \$944, with the hospital giving \$150. Anyone wishing to contribute to the fund may do so by mailing a check to the hospital.

FFA NEWS

The Hondo FFA Chapter held the first meeting of the school year Monday night in the Voc. Ag. building. Miss Pam Helvey was elected as FFA Sweetheart for the 1974-75 school year. The chapter voted to set annual FFA membership dues at \$4.35 again this

year. The individual State, National and Area and District dues per member totals \$2.30. For these dues an FFA member receives a copy of The National Future Farmer magazine 6 times each year. He is also eligible to compete in all FFA judging and leader-

ship contests and to attend District, Area and State FFA conventions.

The renting of FFA cushions at home football games will be conducted by freshman FFA members again this year. The cushions will rent for 20c each. Members of the freshman ag classes will alternate times in the renting of the cushions. Six persons are needed to man the gates at both ends of the football field.

The program for the evening was presented by Don Schur of Hondo Implement Company. He showed three films on the tractor cooling systems, lubrication and the servicing of air-cleaners and oil filters.

The Hondo Future Homemakers served refreshments of punch and cookies to the FHA girls and the FFA members following the close of the business meeting.

Young Farmers attend area meet

The Area VII Association of Young Farmers and Young Homemakers of Texas met for their annual conventions at the Civic Center in New Braunfels on Saturday, September 14.

Representing the Hondo Chapter of Young Farmers were Wayne Scholz and William Mund as voting delegates and George Gooding as Area Treasurer and Mr. John McAnelly as Chapter Advisor. George Gooding was again elected as Area VII Treasurer.

In the evening a Banquet was held and awards were presented. The Hondo Chapter of Young Farmers won 2nd Place award in Public Relations. Representative John Poerner served as guest speaker and was

presented a very impressive plaque expressing appreciation.

Attending the Banquet in addition to the above-named were Mr. and Mrs. William Reus, Mr. and Mrs. Fred Yanta, Alton Davis was the Hondo Chapter's nominee as Star Young Farmer.

WIN AT AREA MEET

Hondo Young Farmers walked away with some honors Saturday, Sept. 14, when they attended the Area VII convention in New Braunfels.

George Gooding of Hondo was elected treasurer for the area; and the Hondo Chapter scrapbook won second place honors. Willie Mund and Dwayne Baker were responsible for the book.

Chapter members met Tuesday night at Hondo City Park to hold a business meeting and enjoy a chili supper.

Don Schur of Hondo Implement Co. presented the program.

Retired Teachers Meet

The Retired Teachers Association will hold its regular meeting on Monday, September 23, 1974, at the City Hall in Hondo at 2 p.m.

This meeting is the first meeting of the year.

D'Hanis FHA'ers meet

The Future Homemakers of America Chapter of D'Hanis held its first meeting on the 9th of September in the Home Economics building at DHS. Glorie Bendele presided.

This year's chapter was

organized by appointments of committee groups and discussions of projects.

A few projects FHA members will participate in are a clean-up campaign at their local football facility and providing babysitting

for D'Hanis Young Homemakers.

Nominations were held for FHA Beau. Douglas Kempf was elected. Doug is a Senior who resides in Yancey. He plays tight end and linebacker for the D'Hanis Cowboys.

Former Hondo resident is honored in Florida

Lester Morley, a former Hondo resident and the son-in-law of Mrs. Anna Goff, was named the outstanding technical educator of the year by the Florida Technical Education Association at their recent annual meeting in Miami.

Back in 1946-48 Morley worked at the Anvil Herald, but now he is dean of career studies at Gulf Coast Community College in Panama City, Fla.

Morley, the first ever recipient of the award, was selected over nominees from the instructional and administrative staffs of state vocational high schools, area vocational centers and community colleges. Since his appointment to the Gulf Coast

administrative staff in 1969, Morley has developed the career studies offerings to include approximately 30 associate in science degree and certificate programs.

He has chaired accreditation committees for the Southern Association of Colleges and Schools and has served with state committees on vocational and technical education and teacher certification for vocational-technical education.

Morley holds a bachelor of science degree from the University of Sam Houston and a M.A. degree in education from the University of Houston. He is a deacon and Sunday School officer at the First Baptist

Church in Panama City, a member of the Downtown Kiwanis club and participates in many other community activities.

Yogurt may be even better for you than you thought -- a recent study suggests it may be capable of lowering blood cholesterol levels, thus helping protect against atherosclerotic heart disease.

Do you have a fever, or don't you? Pay more attention to symptoms than to the thermometer, say doctors. Normal temperature may range from 97 degrees to 100 degrees.

Think you need a hearing aid? See a doctor first to determine the type of hearing loss, and whether a hearing aid will help.

Doctors now treat infants 'in utero', before they are born. Even transfusions have been done.

Where there is no public water supply, fluorides are sometimes added to milk, but there is less public benefit and higher cost.

Good dental care starts at home, with regular brushing and effective use of floss. All the dental care products you need are at Dan's Drug, Hwy. 90 West, Hondo, 426-3305.

Residents qualify

Austin -- Three Medina County families who have held and worked their land for a century or more have qualified for the Family Land Heritage Program, Agriculture Commissioner John C. White has announced.

Included in the group are Charles P. de Montel, Castroville, ranch founded 1847; Mrs. Earnest Mumme, Hondo, owner of the Earnest Mumme Estate, founded 1849, and Mrs. Alice Pichot, Hondo, owner of the Saathoff Ranch, founded 1846.

Over 500 families will be honored at special ceremonies at the State Fair in Dallas, October 14.

Registration will begin at 9 a.m. in the Food and Fiber Building on the Fair Grounds. All will be included in the Land Heritage Registry to be published in early 1975.

The awards ceremony and presentation of certificates by Commissioner White will be held around 1 p.m. Those who wish to remain for the evening will be recognized as a group in the Cotton Bowl Show at 8 p.m.

COWBOYS WIN ... The D'Hanis Cowboys scored only one touchdown last week, but that was all it took to edge by Lytle 7-0. This shot catches that scoring action when Doug Kempf crossed the double

stripes. The Cowboys play St. Gerards in D'Hanis Saturday night. [Photo by Fr. Victor.]

Harmon Picks Pro Tilts

Sunday, September 22

OAKLAND 20 -- KANSAS CITY 13 -- Umpteenth renewal of a real bitter rivalry. These AFC West teams have been slugging it out since AFL days. In '73 they traded wins... this year, Raiders stronger.

ATLANTA 23 -- SAN FRANCISCO 17 -- 49ers hit the skids last season while Falcons bounced up ladder. The two split in head-to-head competition last year, but Falcons could take two in '74. Atlanta by 6.

CINCINNATI 24 -- SAN DIEGO 7 -- Bengals beat Chargers, 20-13, in only meeting last fall, but Cincy much improved... San Diego, not so. Big 17 point spread here, and with home crowd, might be bigger.

CLEVELAND 27 -- HOUSTON 10 -- AFC Central match-up that might give the winner a needed boost this early in the season. Browns bombed Oilers in both games last year, but Houston might surprise this fall.

PITTSBURGH 30 -- DENVER 27 -- Should be one of feature attractions of the day... could be high scoring. Steelers drove Colts into ropes last week & are undoubtedly one of top toughies in league.

LOS ANGELES 31 -- NEW ORLEANS 13 -- Saints meet another Western Division opponent this week. One trouble: this one's much tougher. Rams won both meetings in '73 - decisively. Los Angeles by eighteen points.

NEW YORK JETS 27 -- CHICAGO 20 -- Jets and Bears didn't meet last year, but both have something in common... each needs a real spark for ignition! Bears were 3-11 in '73... Jets, 4-10. Seven point toss-up.

WASHINGTON 20 -- ST. LOUIS 10 -- Redskins should be 2-0 in NFC East with win over Cards. Giants fell last week. St. Louis surprised Skins in first meeting last fall, 34-27, but don't look for a repeat.

NEW ENGLAND 21 -- NEW YORK JIANTS 20 -- Could be a 'Nip-and-Tucker' unless Patriots decide they're playing Miami again! With home field (Yale Bowl?), Giants might stir up a little fuss. Pats should win 2nd.

MIAMI 23 -- BUFFALO 10 -- Dolphins limited Bills to six points in two meetings last fall, so Buffalo has long way to go. Looks unusual to see Miami listed at 0-1 in standings, but it'll change!

GREEN BAY 24 -- BALTIMORE 20 -- Two of last week's losers go at it in Baltimore. Colts slaughtered a bit by Steelers and Packers whipped by Vikes. Teams didn't meet in '73. Pack should survive this one.

MINNESOTA 17 -- DETROIT 9 -- Vikings going after second NFC Central Div win in first 2 weeks of season. One of other three might rise up to smite down defending champ, but sorta doubt it.

DALLAS 34 -- PHILADELPHIA 17 -- Cowboys take on first NFC East opponent in drive for another division championship. Eagles dumped Dallas, 30-16, in first get-together last year, and repeat is possible.

Alton Davis honored

Alton Davis of Hondo has been named an Outstanding Young Co-operator for 1974 by the southern division of the Texas Young Cooperative of Associated Milk Producers, Inc.

Texas Young Cooperative is a program designed to select and inform potential future leaders of AMPI.

Selection was made on the basis of dairy management, a public speaking contest and involvement in the community.

In addition to a plaque, he and his wife have been awarded all expense paid trips to AMPI conventions in Dallas, Minneapolis and Miami.

HOW THEY FARED

Devine 36 - Pleasanton 6
Halfback Abel Martinez scored three TD's and passed for one more. Homer Hernandez scored one touchdown, kicked one field goal and extra points. Robert Gonzales scored a touchdown also.

yard pass from Barry Gooden.

Randolph 18 - Clemens 0
Fullback David Cook scored all three RoHawk touchdowns. All extra points failed.

Comfort 26 - Bandera 7
Jeff Hern scored the lone Bandera touchdown and Tom Hay kicked the point.

Llano 25 - Boerne 6
Steve Markell took a two

St. Gerard 33 - Del Rio 0
The Royals scored their second straight win. Their ground attack, led by Ronnie Bachefer, rolled up 360 yards. Bachefer scored one TD. Bob Saucedo scored on a 62 yard interception. QB James Kellner hit David Smith and Thad Davis for TD passes. Mike Otto converted extra points.

Antonian 20 - Cole 18
Cole led by 18 and let the Apaches come from behind to win. Tim Funk scored on one rushing TD and one on a 19 yard pass from QB Larry Ransom. Ransome scored on 10 yard run.

Water levels rise

San Antonio -- Water levels in the Edwards Underground Reservoir at measuring points from Uvalde to Kyle were all higher at the end of August than the end of July, the Edwards Underground Water District has reported.

The greatest rise in the water level for the second month in succession was at Hondo, an increase of more than seven feet.

Spring flow increased from Leona River Springs in Uvalde to San Marcos Springs in Hays County and even the San Antonio Springs have been flowing again.

YOU HAVE FREEDOM OF CHOICE
This is a wonderful country we live in and an important part of making it so are the many freedoms we enjoy. We should be very grateful for in other parts of this world people are not so fortunate.

YOU CAN CHOOSE YOUR PHARMACY
Where you go to purchase prescriptions, medicines, health-aids and sickroom needs is almost as personally confidential as a visit to a physician. You are able to select the pharmacist in whom you have confidence and whose services you prefer.

TELL YOUR PHYSICIAN THE NAME OF THE PHARMACY YOU PREFER
Your physician will keep in his records the name of the pharmacy you wish him to contact when a prescription has to be phoned in to be filled.

PHYSICIANS WELCOME THIS REQUEST
Their Code of Ethics does not permit, even a physician financially interested in a clinic owned by physicians, to tell you where you must have your prescriptions filled. Sometimes, a busy physician may forget to ask you the name of your pharmacy, but he will be glad to comply with your request.

WE CAN FILL ANY PRESCRIPTION
Should you ever have to consult a physician in another city, when possible bring the prescription back home for compounding. You can then have it more conveniently refilled and the formula will be in our records should your local physician want the information.

Rainfall pollutes source

San Antonio -- various studies and reports by authorities throughout the nation are stated to prove that rain falling on a city does more to pollute the source of drinking water than the sewage dumped into those sources.

According to information being received by the Edwards Underground Water District in reports published by authorities at many points across the country, present street cleaning equipment used by many municipalities is said to be inefficient, and does little to remove impurities.

BEAUTIFUL AVENUE... Kalinin Prospekt, meaning something like our avenue, is lined with modern buildings. In the center is

the "greenbelt" areas the Soviets want everywhere to help eliminate pollution. Many of the tall buildings seen here are apartment

houses. The shops are on the ground floor along the street. Many of the cars parked along the street are probably taxis.

SOME ANSWERS FROM :

YOUR Hondo Electric System

Why must
Electric rates increase?

THE ANSWERS ARE SIMPLE

Your best bet for a lower Electric Bill is still conservation of Energy. With these increased costs each KWH saved is just that much more

POWER USAGE CHART (Family of Four)

APPLIANCES	National Average Est. KWH Consumption
Air-Conditioner (1 Ton) - -	500 per month
Automatic Blanket - - - -	15-20 per month
Clocks - - - - -	2 per month
Clothes Dryer (12 hours per month) -	50-70 per mo.
Clothes Washer (15 hours per month) -	4-6 per month
Dish Washer (2 washes per day) -	30-40 per month
Garbage Disposal - - - -	1 per month
Electric Fan (10") (25 hours per month) -	1 per month
Food Freezer (15 Cu. Ft.) -	75 per month
Iron - - - - -	6 per month
Food Mixer - - - - -	1 per month
Lamp (100 watt) (3 hour/day) -	9 per mo.
Percolator - - - - -	6 per month
Radio - - - - -	5-10 per month
Range - - - - -	10-125 per month
Refrigerator (15 Cu. Ft.) -	50-80 per month
Refrigerator-Freezer - - -	60-90 per month
Roaster - - - - -	12 per month
Sandwich Grill - - - - -	4 per month
Sewing Machine - - - - -	1 per month
Skillet - - - - -	15 per month
Television - - - - -	25-35 per month
Toaster - - - - -	3 per month
Vacuum Cleaner - - - - -	2 1/2 per month
Water Heater (40-80 gal.) -	250-350 per mo.
Water Pump - - - - -	10-20 per month
Motors - - - - -	1 KWH Per HP or Hour

- (1) Cost of power to your electric system jumped 66% when San Antonio Public Service Board passed on a cost increase in July. Same amount of power that cost Hondo \$300,328 last year, will cost \$499,910 during next 12 months.
- (2) Cost of equipment and supplies has increased enormously.
- (3) Cost of operation, including salaries, has jumped.
- (4) Earnings that are used for operation of the City have increased to help keep taxes down.

If your bill last month was lower when compared to the month before, then you have been doing your part in conserving. If it seemed extra high it's time to check your consumption habits look into more insulation, or regulate your thermostat.

How can we help you ? ?

Oh, so little difference still spells 7-6 Owl loss

That one point-it's complex is one the Hondo Owls had rather leave alone, especially if it's on the losing end of the game as it has been the past two weeks.

In their season opener they battled a big, tough Triple-A team in Fredericksburg only to wind up one point behind.

Last Friday night, they took on arch-rival Uvalde, another big, tough 3-A team and fought them to a standstill all night long, only to wind up at the final whistle with the score point behind-- 7-6.

Turnovers hurt the Owls, while penalties hampered

the Coyotes. Hondo turned the ball over five times, four on fumbles and one pass interception. The Owls recovered one Coyote fumble and intercepted one pass. The Coyotes drew 90 yards in penalties to Hondo's 15.

Neither team could get their scoring machine untracked until late in the third quarter when the Owls crossed the double stripe. Hondo went to the 10 yard line in the second quarter only to lose the ball on a fumble.

Uvalde came out roaring in the second half and after taking a Hondo punt on their own 45 yard line began a march that chilled

up the spines of Owl fans. They ground out the yardage with substitute fullback Gary Nelson doing most of the running.

But at the 13 yard line the Owls defense bowed its neck and refused to let the Coyotes go any further on fourth down.

From there Hondo began its one real drive of the night. Fullback Tony Hackbeil whipped out to the 25 for a first down, and then Quarterback Bobby Rios took to the airways throwing some pretty passes to Wingback Richard Coronado. First he hit Coronado for a long gain, and a beautiful reception, at the Coyote 47. Next he flipped another aerial to Coronado who took it to the Coyotes 34. Tailback Paul Pope ground out 5 yards to the Uvalde 29.

And on the next play, Hackbeil went off left tackle and evaded a couple of Coyotes in his ramble to paydirt some 29 yards away. The scoreboard showed 2:20 in the third quarter.

Alex Mendoza's first kick was wide, but Uvalde drew a penalty for offside, so Hondo kicked again. It was wide again, so the score remained at 6-0.

Uvalde didn't wait too long before they cranked up a sputtering offense. On the second play in the fourth quarter the Coyotes had the ball on their own 46 when Quarterback Steve Rambie, although rushed pretty hard,

heaved a pass down the right side to end Paul Gorman who had gotten behind defender Paul Pope. Gorman galloped in for the TD.

Randy Stevens whipped his kick through the uprights and that one point lead looked big.

Hondo took the ensuing kickoff on their 29 and marched it to the 44 when a fumble was recovered by the Coyotes. A 15-yard penalty on Hondo, their only one of the night, put the Coyotes on the Owls 32.

Here the Owl defense, which has played an outstanding game the entire night, came to the forefront again. Linebacker Donnie Weynand burst through to toss quarterback Rambie for an 8-yard loss and in the next play monster man Steve Mueller hauled in an errant Coyote aerial and ran it back to the 44.

But lady luck just had to smile on the Coyotes one more time and the first play was the time. Hackbeil took the ball and headed around right end. He was hit hard by three Coyotes and the ball popped out of his hands. A Coyote defender caught the fumble in mid-air and rambled to the Owl 19 before being hauled down.

Stevens carried to the 7 yard line and things really looked dark for Hondo. But Lady Luck proved fickle and smiled on the Owls by giving the Coyotes a 15 yard penalty, back to the 22. Rambie kept and went to the 13 and on the next play David Knowles, who was in on many plays during the game, recovered a fumble.

From there it was a see-saw game.

Offensively, Tony Hackbeil was the workhorse for the Owls, while the Hondo passing attack looked somewhat better with Coronado's fine receptions.

Defensively, it would be hard to pick out all the good plays. But David Knowles made some score-saving tackles; Steve Mueller turned in a fine game; Donnie Weynand stood out exceptionally strong; and Bruce Martin and Kurt Weber were stalwarts in the line. Paul Pope and Tony Hackbeil came in for their share of defensive work.

On one play, Pope went out for a short flare pass and a Coyote intercepted and headed for the goal line. Pope made a good recovery and grabbed him before he could get loose into open spaces.

The official statistics showed: First Downs-- Hondo 10, Uvalde 11; Rushing-- Hondo 152, Uvalde 166; Passing-- Hondo 65, Uvalde 65; Return Yard--

Ralph Hauger

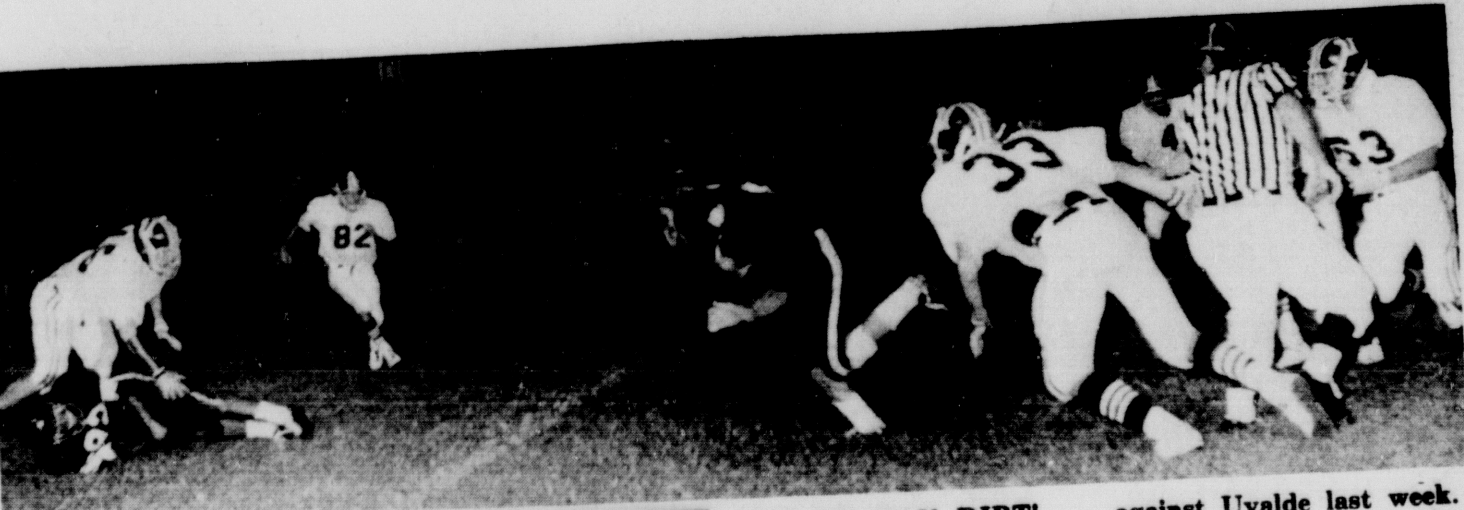

It's well-known that Joe Nuxhall was the youngest man ever to play in the big leagues. He was 15 years, ten months and 11 days old when he joined Cincinnati in 1944. Not so well known is that Nuxhall, a lefthanded pitcher, had an earned-run average of 67.50 that year. Of course, he only worked two-thirds of one inning.

Hubert Green shot an 81 on the first day of the US Open and came back with a 67 the second day.

Somebody was silly enough to ask him what the difference was.

Said Green: "14 strokes."

OFF TO PAY DIRT! ... Owl Fullback Tony Hackbeil appears to be stumbling here, but he regained his balance to scamper 29 yards for the only Hondo touchdown of the night.

EYE ON THE BALL ... His arm has his number hidden so this Owl can't be identified, but it's plain to see he's zeroing in on the ball and ball carrier. Uvalde quarterback Steve Rambie [15], who guided the Coyotes to a 7-6 victory, has his eyes cast in the same direction. [Photo by Terry Teague]

WHAM! ... Owl Duane McCartney [12] blasts into a Coyote Friday night in Hondo's 6-7 loss to Uvalde.

Freshmen, B-Team drop games to Uvalde teams

Freshmen and B-Team footballers traveled to Uvalde last week and came up on the short end of the stick.

B-Teamers lost 14-6 and in the words of Coach George Riddell, "played two ball games, a bad one the first half and a good one the second half."

He said too many mistakes in the first half hurt Hondo's chances as the Coyotes scored 14 points. "In the second half," Coach Riddell said, "we played tight defense and shut them down, but we just couldn't score enough to catch up."

Hondo's one lone touchdown came when Roy Carmona recovered a fumble in the end zone.

The Owls mounted three good drives that could have turned into scores, but mistakes stopped them short of the goal line.

The Freshmen team dropped their game 28-0.

Both teams have an open date this week.

BARBER SHOP OPENS
...Love's Barber Shop, owned and operated by E. W. Love, will be open for business Tuesday, September 24. It is located at 1712 Avenue K -- around the corner from Anvil Office Equipment and Supplies. Mr. Love, a native of Devine, operated his own shop in Rankin, Texas, during the past 15 years. He now looks forward to serving new friends as well as renewing old friendships. He and Mrs. Dunderstadt, moved to the Yancey community in June.

Harmon says Texas Aggies will fall before LSU Tigers

The first ratings for the 1974 football season are close to being a carbon copy of the initial ratings for any of the past five or six seasons. There are usually one or two new faces, but for the most part it's the same big names -- the perennial powerhouses of college football. Always thought it would be great to see a switch in "personalities" -- Mississippi State, Clemson, and New Mexico, for example, in first second, and third. However...

While Oklahoma takes a day off, the other powers plan busy Saturdays. Northwestern and Wyoming take respective issues with Notre Dame and Texas. Can't see much chance of argument over any issues as the potent Irish will bury the Cats from Evanston by 42 points, and the Longhorns will send the Cowboys scurrying for newer guns. Texas by 44 points.

Arizona State had a vacation last week after whipping Houston the previous Saturday. The Sun Devils take on Texas Christian this weekend in an attempt to boost their national position before moving into conference play. Arizona State will win number two as they're favored by 31 points.

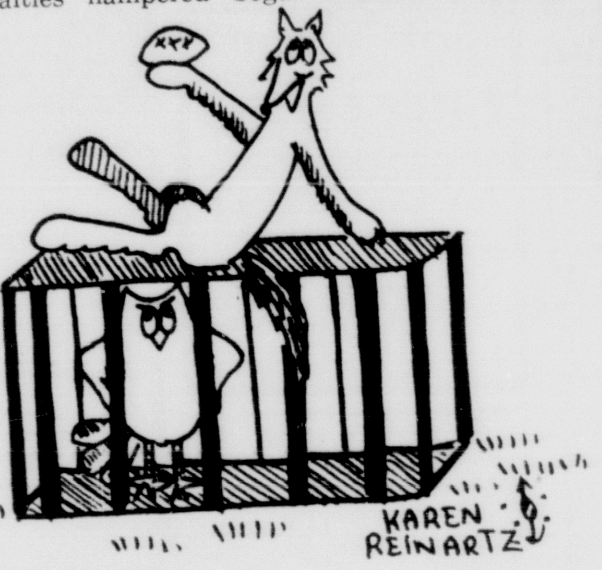

And the Biggest Two in the Big Ten, Michigan and Ohio State, are favorites in non-conference games. The Buckeyes will be big 35-point winners over Oregon State, but the Wolver-

ines will have a harder time against Colorado. Michigan should beat the Buffaloes, but the spread is only 15 points.

The Southeast Conference and the Big Eight are again loaded with talent. Nebraska goes to Wisconsin and Oklahoma State clashes with surprising Arkansas. The Cornhuskers will beat the Badgers by 31 points, and it appears that the Razorbacks will give the Cowboys all they can handle ... Oklahoma State by nine.

Alabama, Auburn, Georgia, and L.S.U., just to name a few Southeast powers, are picked to win. (So what else is new!) The Tide is 32 points stronger than Southern Mississippi ... Auburn may bomb Chattanooga by about 35 ... The Bulldogs should nip Mississippi State by four ... and L.S.U., well, they might possibly run into problems. Texas A&M is the underdog, but only by twelve points.

Miami of Ohio draws a major assignment in attempting to keep its winning streak alive. Purdue is the obstacle, but it says here that Miami will win by twelve.

Who-o-o said revenge is sweet?

TWIRLING WINNERS... These three have turned in some winning performances in twirling recently. Rose Mary Rios, standing, took second place medal for struts at the state twirling contest, division two, in San Antonio, and in a Labor Day contest in Austin won a first place trophy for fundamentals, first place trophy for strut and second place medal for solo. Christing Villarreal, left, and Susie Santillano, right, both won second place medals in division two for strut and dance duet. [Photo by Tony Mendoza]

In a continuing effort to help you fight inflation, H.E.B. is starting a series of "BEST WAYS TO CUT FOOD COST" hints from "Good Housekeeping" Magazine. Each week for several weeks H.E.B. ads will feature hints to help you keep the cost of food down.

H.E.B. BEST WAYS TO CUT FOOD COST

BEST WAY NO. 1 "BEFORE YOU SHOP"

Make a general plan of your family's meals for the week. Be certain to include foods from the basic four groups—meat, fish and poultry, fruits and vegetables, dairy products, breads and cereals. Check the food you have on hand that can be used in your loosely drawn menu for the week. Use older perishable foods first.
